General

The following Edges represent your general abilities to feel and use the living Force that resides in all beings. You must unlock the **Force Sensitive** Edge before unlocking any other Force Edges.

Force Sensitive

Prerequisite: Willpower 2

Your connection to the Force may be faint, but it’s there, and you can call upon it when you need it. If your Force rank is 0D, increase it to 1D. When you start an encounter with no Force Points, gain 1 Force Point.

Force Well

Prerequisites: Willpower 4

Your connection to the Force has become very strong, letting you draw deep on the energy in living beings around you. Increase your Maximum Force Points by half your Willpower rank (rounded down.) Additionally, when you finish resting, regain Force Points equal to half your Willpower rank (rounded down.)
